

What to Pack for the First Day of Preschool

It's actually happening—your little one is heading off to school!

Dropping your child off at preschool can be stressful, of course, regardless of whether your child has been in daycare for years or at home with you. Starting preschool can be tough, for you and your child. However, the good news is it'll get easier, fast. We provide an appropriate environment, which begins with loving, nurturing teachers and caregivers, we promise the adjustment period will take no longer than three to four weeks.

Enrollment forms

All the necessary enrollment forms must be filed.

School provided bag

Not only can you pack your child's bag with the day's necessities, but the teachers can also use it to send home artwork and school notices.

Spill-proof water bottle

Whether it's a sippy cup or simply something spill-proof, pick a water bottle your child can easily open on her own. She'll need to stay hydrated with all that running around!

Extra set of clothes and socks

Preschoolers aren't known for their careful cleanliness, so pack an extra (seasonally appropriate) outfit, including a second pair of socks.

Extra underwear

Even if your child is potty-trained, accidents are bound to happen.

Diapers, wipes and cream

If your little one isn't quite ready for the potty, you'll need to send along a plentiful stash of diapers, wipes and diaper cream.

Seasonal outerwear

We let kids enjoy outdoors, so pay attention to the weather. Chilly outside? Send your kid in with a coat. Sunny? Pack a hat.

Nap time essentials

We are equipped with cots, please provide sheet and blanket.

Sunscreen

Whether it's winter or summer, the sun's strong rays can still wreak havoc.

Any necessary medication

If your child needs any daily medication or has any allergies. (Please let the school know before hand)
