CURRICULUM

The curriculum utilized by our centers increase program quality in early care and education programs and to ensure children enter the elementary school system ready to learn and be successful. Tiny Thinkers preschool program uses an integrated, emergent approach to curriculum that capitalizes on the strengths of the individual child as well as develops areas that need improvement, is developmentally, linguistically, and culturally appropriate, and acknowledges and embraces diversity. Emergent curriculum is an

approach that permits learning activities to arise out of each child's interests, actions, or unanticipated events.

Our curriculum is designed to be child-centered, reflect the philosophy and goals of Tiny Thinkers Preschool and to include the developmental domains that represent crucial areas of early learning and development that contribute to young children's readiness for school.

Enrichment Activities

We offer special enrichment activities throughout the year that enhance the learning and understanding of a theme or area of interest the children have. Our main emphasis is on bringing experiences to our center. We will offer a variety of special visitor talks, for example the fire department comes to talk about safety with the children. We will communicate these events through flyers and newsletters.

Parent-Teacher Conferences

Parent-Teacher conferences are an opportunity to discuss your child's strengths, likes and dislikes, styles of learning and developmental progress. Your child's teacher and you will work together to set goals for your child's continued growth and development. The conferences are especially important as they help ensure that we are working together to best meet the needs of your child. As a condition of enrollment in Tiny Thinkers Preschool Program, parents are required to attend an introductory parent/teacher conference within 60 days of enrollment and every 6 months thereafter. Please plan to arrange a time to schedule for these required conferences. The conferences are scheduled at a time that will be most convenient for you during the center's normal hours of operation.

ATTENDANCE INFORMATION

The Importance of Daily Attendance

The preschool years can be the most productive learning years in a child's life. It is a time of vast brain development. The brains of preschoolers are working to create organization through consistency. It is essential that routines and limits for preschool children be established and are adhered to. That is why the consistency of regular attendance is so important. Children are born ready to learn. They cultivate 85 percent of their intellect, personality, and skills by age 5. Research shows that the long-term effects of early education on a child's social and emotional development may be the most important outcome of a high-quality preschool education. Unless children attend preschool program on a regular basis, they are not likely to benefit fully from all the enriching experiences and learning opportunities. Make sure your child receives all the benefits that Tiny Thinkers Preschool's high-quality program has to offer, such as:

- Language and literacy skills
- Letter recognition and writing skills.
- Math and Science concepts
- Social Emotional skills
- Cognitive development

- Enthusiasm for lifelong learning
- Strong home to school connection

What can I do to ensure my child attends daily?

- Make a commitment to have your child attend preschool every day on time.
- If your child is reluctant to come to school, be sure to communicate this to the teacher. Together, you can make plans to address the concerns of your child.
- Make sure your child has a daily predictable routine, including a routine for bedtime and waking up in the morning.
- Be sure to allow enough time for the routines so you and your child do not feel rushed.
- Have your child get a good night's rest to make sure he/she has enough energy to participate in classroom activities.
- When talking with your child, be positive about school and the teaching staff. Cultivate your child's interest in discovering new things and his or her love of learning. Remember, by bringing your child to school every day, you are helping to ensure that he or she will live up to their full potential and become a successful lifelong learner.

Tiny Thinkers Preschool has adopted a "No Peanuts or Tree Nuts at School" policy. We ask that parents carefully monitor foods being packed in lunch boxes to ensure that no peanuts, peanut oils, or other nuts or nut oils are among the foods selected. Food labels/ingredients may change over time, so it is always recommended that you read the label before purchasing snacks. Please read labels carefully to make sure the products are nut free. This includes labels that read "May contain traces of peanuts/nuts," "May contain traces of almond," "Manufactured in a plant that processes peanuts," and so forth. Rule of thumb: if in doubt, make another choice.

Birthdays

We enjoy celebrating children's birthdays and welcome you to come join the party! Please talk to your child's teacher at least a week in advance if you would like to provide a special healthy snack for your child's classroom. Because a child's body is still growing and developing, proper nutrition is of the utmost importance in all our celebrations we have at the center. We apply the same healthy food policies to all our events to promote a healthy lifestyle and role model for children and families.

Celebrations

Tiny Thinkers Preschool celebrate holidays and special occasions, such as Thanksgiving, Mother's Day, Father's Day, Fall and Spring Festivals. We embrace diversity and believe it enriches our curriculum. If you have any family/cultural holidays or celebrations you would like us to include, please let us know. If you do not wish for your child to participate in any of these holidays or celebrations, please let us know that as well.

HEALTH AND SAFETY

Emergency Preparedness

We practice both fire and earthquake drills on a regular schedule, so children become accustomed to the sound of the alarm and the procedures for exiting the classroom to a safe location. All Tiny Thinkers Preschool centers have emergency food and water to last 72 hours for all children and staff. First Aid kits are in all classrooms, offices, and outdoor playgrounds. All staff is CPR and First Aid certified and every 2 years staff goes through training to remain current on all lifesaving procedures.

Authorized Persons to Pick Up

The center maintains an Emergency Contact/Parental Consent form for every enrolled child. Persons (in addition to the parents) you authorize to pick up your child must be listed on this form. At the end of the day, a child will not be permitted to leave the center with anyone who has not been previously given authorization by the parent. If it becomes necessary for someone else to pick up your child and they are not on the Emergency Contact/Parental Consent form, then written advance authorization must be provided by the parent. In the event you are unable to provide written notification, the parent must call the center and speak directly with the Center director to advise us of your authorized pick-up plans. Anyone who is authorized to pick up your child must bring photo identification that lists his or her name and address (such as, a driver's license). We reserve the right to request a photo ID of anyone that is not recognized or known by staff.

Current and Updated Emergency Contact Information

It is essential that each child's Emergency Contact/Parental Consent be kept up to date, including phone numbers, addresses, and a list of authorized adults who may be contacted in case of an emergency. If there is a change in your contact information, please notify the center promptly.

Custody Issues

Tiny Thinkers Preschool cannot prevent any parent from removing his or her child from the center if there is no court order on file. If there is a court order restricting a parent from visiting or picking up their child, then a copy of the court order must be provided to the center, which will be placed into the child's confidential file.

Safety and Security

Your child's safety is a top priority at Tiny Thinkers Preschool. Children must be signed in and out upon arrival and departure, with the exact time and a full signature as required by Community Care Licensing and the California Department of Education. Each classroom keeps a running count of the number of children in attendance as well as a list of each child by name. Teachers conduct a head count every 30 minutes and record and clearly post the number of children present on the wall. Children are counted before and after each transition within the classroom and the transitions from outside to inside. Visual observation of all children is always maintained by Tiny Thinkers Preschool staff members. At no time is a child ever left alone.

- Parent must notify the office immediately if a child:
 - o Is diagnosed with any communicable diseases including strep throat, pink eye, lice, pinworms, or any other of the diseases common to a school environment. The notification is important so that Tiny Thinkers Preschool can inform the parents within your child's classroom to be on the lookout for symptoms. Please remember that Tiny Thinkers Preschool will not release the name of the child or family involved. We simply post "There has been a case of _____ reported"
 - o Has any allergies or if you have any concerns about any aspect of your child's health.
 - o Is taking medication, as medicine may affect your child's behavior.
- If a child is, absent for three days or more days due to illness, the parent must provide a written statement from the physician stating that the child is well enough to return to school.
- Unless we receive a doctor's note requesting a child to stay indoors, we expect every child to participate in outdoor play.

If your child has exhibited any of the symptoms above you must keep your child at home for a minimum of 24 hours, even if your pediatrician has given authorization for your child to return.

If your child exhibits these symptoms at the center, we will contact you immediately. You must pick your child up within 1 hour of notification. We regret any inconvenience these policies may cause but it helps us keep all the children and staff healthy.

Head Lice

Tiny Thinkers Preschool follows recommendations from The American Academy of Pediatrics and The Center for Disease Control regarding head lice. We have a no-live lice policy. The essential components of a no-live lice policy are the following:

- Early detection of head lice infestations through routine screening by parents and/or caregivers
- Treatment of children found to have live lice.
- Distribution of educational materials to center staff and parents on head lice, nit combing and treatment.

If lice are found on a child at the center the child's parent will be called and asked to pick their child up. This policy allows the parent to treat overnight. The day following treatment the child will be re-examined and admitted if no-live lice are present.

Injuries

Even though every effort is made to avoid injuries, sometimes they still happen. In case of an injury, your child will be given immediate attention by one of his/her teachers including first aid if necessary. If an injury is significant, an accident report will be made and placed on the child's daily attendance sheet. In certain situations, Tiny Thinkers staff may contact parents and if necessary, emergency medical personnel.

If an injury is life threatening or emergency medical personnel deem it necessary to transport the child, staff will accompany the child to the nearest hospital where emergency treatment is administered, if necessary. The staff will remain with the child until the parent arrives. In the event neither parent can be reached, the child's physician will be contacted.

Medication

Tiny Thinkers Preschool provides incidental medical services which includes administering prescription medications, inhaled medications, and Epi-pens. Should your child need medication administered at the center, Tiny Thinkers Preschool needs written authorization from you and the doctor on the required forms, which are available from the Site director. If you have not completed the required and necessary forms the staff will not be able to administer the medication. Medication must be brought in the original container. The doctor's and parent's authorization must be on the forms supplied by the center.

Where to Report Health and Safety Issues

If you have questions or concerns about any health or safety issues, please report those directly to your child's teacher or the Center Director. We encourage your feedback and appreciate your interest and ideas on how to make our center a safe and healthy place for all children.

Mandatory Child Abuse Reporting

All Tiny Thinkers preschool program staff are mandatory child abuse reporters. This means if we have reason to suspect abuse or mistreatment or are told by a child they have been abused in any way, we are required by law to call and report this to Child Protective Services (CPS). We, as a staff, have training in what steps/measures should be taken in such a situation. Parents should understand that filing a report is considered a request for an assessment of the concern. A report does not establish fact, but rather is the beginning of a helping process for children and families. If you have any questions about this policy, please contact the Site Director.

Allergy Policy

If your child has any type of allergy, please notify the Site Director of the specific allergy and any medication or special directions that pertain to that allergy. If your child has a prescription for an Epi-pen a medical form, (LIC 9221) will need to be signed.

Sunscreen Policy

Sunscreen is considered a medication by the Department of Social Services and will require a one-time parent authorization form (no prescription required). Each family will provide their choice of sunscreen for their child. Please label the sunscreen with child's full name.

Refund Policy

The school is unable to allow make up or substitute days for times that a child is absent. There will be no refund given for days not attended. In the case of withdrawing a child, if parents have paid for the month, a refund of tuition will be made after meeting the required two weeks written notice of intent to withdraw. We DO NOT prorate tuition for Vacation, Sick, Holidays or School Closures.

Positive Discipline Policy

Teachers model appropriate behavior and guide positive interactions among children and adults. Nurturing these social skills is a central component and it helps children grow as successful, lifelong learners. Tiny Thinkers Preschool ensures that activities are child centered and promote positive social interactions. Teachers carefully create the environment, communicate, and enforce clear boundaries and expectations for behavior, and use nonverbal cues and/or redirect a child's behavior to foster success.

When a problem arises, the teacher relies on modeling appropriate behavior, teaching peacemaking skills, and presenting stories or scenarios that reinforce the desired behavior. Children learn to make suitable choices and develop techniques for regaining self-control when they feel frustrated. Instructive and individually appropriate consequences help to strengthen the child's self-control and self-esteem.

When a child experiences a particularly challenging time, the school encourages parents and teachers to work together and develop appropriate strategies. If a specific circumstance needs attention, the teacher will follow these procedures:

1. The teacher will observe and document a child's behavior.
2. The teacher will discuss the child's behavior with a parent and inform him or her of learning-based strategies the teacher will implement. The teacher will discuss options with the director.
3. The teacher will follow up with the parent about how these strategies are influencing the behavior.
4. If concern persists, a conference will be held with teacher, parent, and director to discuss options to help the child further develop appropriate social skills.
5. Staff members will make reasonable effort to work with the child and his/her family to resolve behavioral concerns. At any time, an individual plan of action may need to be implemented, depending on the severity of the concern. If needed, there is opportunity for teachers and the director to seek support from outside resources. The plan may include removal of a child from the classroom and/or calling the parent to take the child home. Repeated severe problems may result in excluding a child from attending Tiny Thinkers Preschool.

Smoking Policy

In keeping with the school's intent to provide a safe and healthful environment, smoking is prohibited throughout the school. The policy applies equally to all employees, parents, and visitors.

Behavior Policy Specific to Biting

Biting can happen in a preschool situation, especially with young children who do not have the verbal skills to express their feelings. Children's feelings can be related to many environmental factors, as well as internal emotions, such as frustration, tiredness, overstimulation, seeking attention, and so forth. In line with Tiny Thinkers Preschool's overall behavior policy, teachers try to create a positive, peaceful, and nurturing environment that encourages children to maintain self-control.

Toilet Training

We provide toilet training based on your child's individual needs we can assist in the toilet training process or make accommodations for your child's special needs. We require that you provide your child multiple changes of clothing or adequate amounts of diapers/pull ups and wipes and ensure any soiled clothes are taken home each day. For your child to be successful we will work with you on developing a plan and strategies that are consistent between home and the center.

Clothing

Dress your child comfortably for active messy play, in clothes you and your child are not worried about getting a little dirty. Children will be digging in dirt and sand, painting, working with clay, water, glue, and sliding, climbing and more! Remember, learning to do things for themselves is important to children, and clothing that buttons and zips easily facilitates the teaching and learning process. To help with dressing your child appropriately for the weather conditions we suggest layering clothing that can be taken off or put on to keep your child as comfortable as possible. Please send your child in appropriate closed toed play shoes. For the protection of your child, shoes must tie or have velcro. Sandals, flip flops, boots, or dress shoes limit your child's safety and should not be worn to the center.

Please bring a set of extra clothes to be left at school. Please mark all clothing with your child's name with permanent ink.

You are welcomed and encouraged to participate in any or all of these. Some examples of ways to be involved include:

- Lending objects for units of study

- Reading to the children
- Volunteering to help with projects or events (Holiday celebrations, graduation, etc.)

BEHAVIOR MANAGEMENT AND DISENROLLMENT

Behavior Management and Discipline

All teachers at Tiny Thinkers Preschool manage behavior in their classrooms in a non-punitive, age-appropriate manner. All staff receives ongoing training in the areas of discipline and behavior management. They are trained in the Teaching Pyramid process of positive discipline, which instructs children as to what they should do rather than telling them what not to do. For example, "We walk inside the building" rather than "No running".

Children are encouraged to learn problem-solving skills and become self-correcting. They are given the opportunity to choose alternatives that will enable them to participate in a socially acceptable manner without reinforcing their negative behavior. For example, if a child is having difficulty sitting quietly during a story, he/she will be asked to do a puzzle or draw a picture until they feel they are ready to rejoin the group.

Teachers assist in pointing out logical consequences to both positive and negative behavior. Staff uses positive reinforcement while supervising children, encouraging them to cooperate and continue using appropriate behaviors. Children are redirected to an alternate activity if their behavior is inappropriate. An example is when a child is doing something that could hurt others, themselves, or destroying property and choosing not to use problem-solving techniques. Teachers will continue to be an active listener and support the child with conflict resolution. Parents will be notified of the behavior management strategies used and receive an incident report. If a child's behavior is unmanageable within a group setting, parents are required to be involved in developing and implementing an individual behavior plan for the child. Parent cooperation and participation and support of the behavior management plan is crucial to the success of the plan. It is important that the messages the child is receiving at home and school are consistent.

Parent, Provider and Visitor Conduct Policy

Tiny Thinkers Preschool is committed to creating an environment where employees, volunteers, parents, children, providers, or any other person who comes to Tiny Thinkers Preschool’s offices, childcare centers, events or who has contact with Tiny Thinkers Preschool staff through any other means, is always treated with respect and professionalism.

Grievance Policy

It is the intent of Tiny Thinkers Preschool to resolve all grievances at the lowest possible level. If a parent is having a grievance regarding Tiny Thinkers Preschool operations the parent should first speak with the staff person whom the grievance relates to and try to resolve the issue. If the problem is not resolved at this level, please address the issue to the Site director. If a resolution still has not been reached, a written grievance may be made to the owners. A written response to the grievance will be issued from the owners within 14 days.

Disenrollment Policy

Tiny Thinkers Preschool reserves the right to dis-enroll any child, at any time, when we believe disenrollment is in the best interest of the child and/or the program. Our priority is to provide quality care and early education for all children enrolled in our program but on

rare occasions there may be a need to dis-enroll a child. Some of the reasons for involuntary dismissal might include:

- Failure to Adapt - Most children adapt to a new program within a reasonable time frame. If a child fails to adapt to our program, even though an effort has been made by parents and the staff to integrate him/her into the program, the child may be dis-enrolled so his or her parents can find alternate care for their child.
- Aggressive/disruptive behavior - If a child is aggressive or hurtful to others or if a child's behavior is disruptive to the classroom Tiny Thinkers Preschool will make every attempt to guide the child in respecting others and to behave in a socially acceptable way. If these behaviors continue the child may be dis-enrolled in the best interest of the other children enrolled.
- Failure of the parent or guardian to cooperate with an individual behavior management plan and/or failure to obtain necessary services through referrals made to outside agencies that are in the best interest of the child.
- Failure to pay tuition or Family Fees– Tiny Thinkers Preschool reserves the right to immediately dis-enroll any child whose tuition or family fee is not paid per Tiny Thinkers Preschool's policies. Applicable notice periods will apply to subsidized children.
- Abusive/disruptive behavior by parents - Tiny Thinkers Preschool reserves the right to disenroll any child whose parent behaves in a manner that is destructive, disruptive, abusive, or malicious through their statements or actions toward the staff, their own child or other parents/children in the center as outlined in Tiny Thinkers Preschool's Conduct Policy.
- Irreconcilable differences – Every parent has expectations regarding the care and education of their child. If it occurs that Tiny Thinkers Preschool is unable to meet a parent's expectations Tiny Thinkers Preschool reserves the right to disenroll the child to allow the parents to find an environment that better meets their needs and expectations.

Withdrawal

Families may withdraw their child for any reason after giving 2-week written notice to the Administration stating the child's last day and signed by the parent or guardian. Any outstanding balances must be paid in full prior to the child's last day. If a child is withdrawn without a 2-week written, notice the parent is still responsible for paying the 2 weeks tuition.

Transportation

Transportation is not provided to and from our facility.

Department of Social Services

As our licensing agency, Social Services has the right, by law, to interview children or staff as they may deem necessary; and to inspect and audit child or facility records without prior permission. The Department also has the right to observe the physical condition of the children and to have a licensed medical professional physically examine the children. Any proposed changes in the plan of operation shall be reported to the Department of Social Services for approval prior to implementation as specified in Section 101212.
